Tafelverzeichnis
List of Plates
Table des planches
Indice delle tavole

Deux d'entre les objectifs d'une publication telle que le *LIMC*, la régularité de la parution et la richesse de l'illustration, ont pu, nous l'espérons, être atteints puisque le tome V paraît en fin d'année 1990 et que le volume d'illustrations compte 652 planches (3593 photographies), tandis que le volume de texte comporte 177 dessins au trait. Nous avons tenté, cette fois encore, de donner des représentations d'ensemble, souvent avec des détails, pour illustrer le personnage, divinité ou héros, en question. Par ailleurs, on a pu se contenter, en bien des cas, de renvoyer à des illustrations des volumes précédents. Chaque fois que cela nous a été possible, nous avons essayé de présenter des images moins connues ou des inédits lorsque l'autorisation nous a été accordée. Nous tenons à exprimer à tous, une fois de plus, notre reconnaissance pour l'aide internationale qui nous a été octroyée: celle des diverses personnalités dirigeant les musées, grands ou petits, les éphories, les surintendances, les écoles et instituts archéologiques, et celle des directeurs des services d'antiquité, des départements d'antiquité et des circonscriptions archéologiques. A eux tous nous devons l'illustration de ce volume V, mais aussi à l'aide de nombreux collègues et amis et de collectionneurs qui veulent bien nous communiquer renseignements et photographies. La plupart des musées ont accepté de renoncer à leurs droits de reproduction, ou parfois même, nous ont donné des illustrations, soit à un prix réduit, soit gracieusement. Dans quelques pays, il nous a été possible de faire nous-mêmes des prises de vue.

Sans cette collaboration généreuse de tous et de toutes, ce volume de planches n'aurait pu voir le jour sous la forme où il paraît aujourd'hui. Nous exprimons à la communauté scientifique notre reconnaissance d'avoir ainsi contribué à la poursuite du Lexicon.
